Telephonic public hearing will be held Aug. 5 on Avista Utilities' Integrated Resource Plan

BOISE (Aug. 3, 2020) – The Idaho Public Utilities Commission will hold a public telephonic hearing on Wednesday, Aug. 5, at 6:00 p.m. (MDT) to accept testimony on Avista Utilities' Integrated Resource Plan (IRP).

The IRP is a biennial status report on the utility's ongoing and evolving plans to adequately and reliably serve its customers at the lowest system cost and least risk over the next 25 years. Avista develops the plan through a public process involving customers, Commission Staff, the Northwest Power and Conservation Council, consumer advocates, academics, environmental groups, utility peers, government agencies and other interested parties. Avista submits the IRP to the Idaho Public Utilities Commission for acknowledgment. Commission acknowledgment of the IRP does not mean the Commission approves of any specific conclusions or results, but rather acknowledges the company adequately addressed the matters required by the Commission's prior orders.

Those interested in testifying during the hearing or listening to it should call 1-800-920-7487, and enter passcode 6674832# when prompted. In order to identify callers and manage the hearing efficiently, anyone interested in testifying is encouraged to contact Adam Rush at adam.rush@puc.idaho.gov or at 1-208-334-0339 and provide their name and the telephone number they will be calling in on. If those planning to testify could do this by no later than 4:00 p.m. (MDT) on Wednesday, Aug. 5, it would be appreciated. Those planning on testifying are also encouraged to start calling in at 5:30 p.m. (MDT) on Wednesday.

Those who plan to listen to the hearing without testifying do not need to provide their phone number.
